Sir:

This paper is in response to the Official Action dated July 14, 2004.

Applicant elects **Species 3, Fig. 4a**, for further examination on the merits at this time.  
The election is without traverse.

Claims 1-56 read on the elected embodiment. Of these, claims 1-52, and 56 are generic.

It is respectfully noted that claims 53-55 are the only claims specifically limited to the embodiment illustrated in Fig. 4a, and which exclude the embodiment of Fig. 4b because claims 53-55 recite a single optical fiber to connect the remote node with the central office. The remaining claims are all generic because they recite a multiplexing system, method, or apparatus that can be used in the "application" illustrated in Fig. 4a, *i.e.*, because the central office and remote node of Fig. 4a can use any of the specific arrangements shown in Figs. 2, 3, and 5, and recited in the remaining claims.

Serial Number 09/732,773

Having thus complied with the species restriction requirement made in the Official Action, early and favorable action on the merits is requested.

Respectfully submitted,

BACON & THOMAS, PLLC
